

# START OF WORK IN BROSSARD

NEW CHAMPLAIN BRIDGE  
CORRIDOR PROJECT

# PUBLIC INFORMATION MEETING

## FOR BROSSARD RESIDENTS

**OCTOBER 14, 2015, 7:00 P.M.**

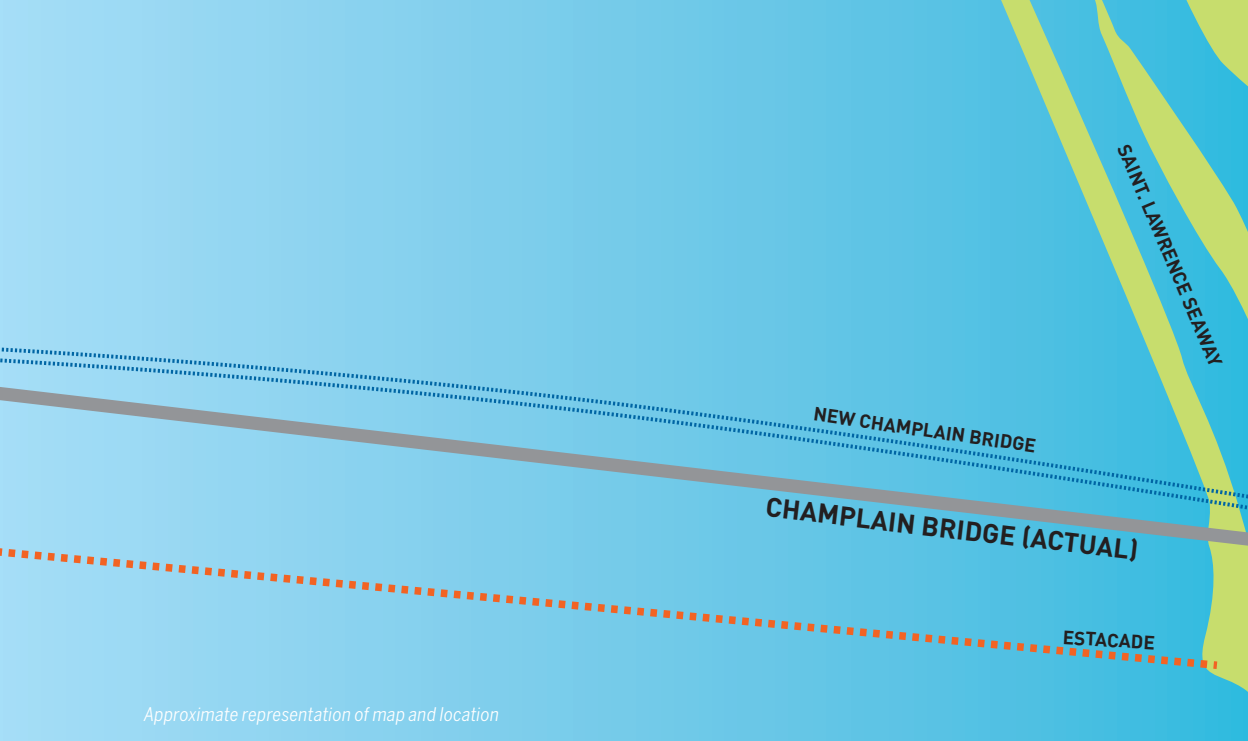

Centre socioculturel de Brossard,  
7905 San Francisco Avenue, Brossard, Quebec

*In collaboration with:*

 **brossard**

**NEWCHAMPLAIN  
BRIDGE**

Approximate representation of map and location

*Signature on the Saint Lawrence, the consortium in charge of the design and construction of the new Champlain Bridge, in collaboration with the City of Brossard, will be holding a public information meeting on work scheduled to begin in October 2015 on the South Shore.*

## **WE WILL EXPLAIN:**

- 1 Work related to the new Champlain Bridge**
- 2 Work related to the South Shore roadways**
- 3 Measures for monitoring and mitigation of impacts caused by the work**
- 4 Means of communication to inform residents**

## BROSSARD

132

Boulevard Provencher

EAST JETTY

SOUTH-SHORE SECTION

A10

Boulevard Pelletier

A CITIZEN'S FORUM section in our website [www.newchamplain.ca](http://www.newchamplain.ca) describes upcoming work and includes specific notices to residents based on the project areas. A TRAFFIC section provides useful information on road, pedestrian, bicycle and nautical traffic.

## SURROUNDING POPULATION AND MITIGATION MEASURES

**A GOOD NEIGHBOURLY RELATIONS COMMITTEE** will be set up in collaboration with the City of Brossard. A call for candidates will be issued this fall, during which you can apply online.

Brossard residents can expect heavier truck traffic on Highway 132 and access roads to the work site. However, no highway traffic restrictions are planned for this fall. La Riveraine bike path will have to be diverted to ensure the safety of pedestrians and cyclists.

For Saint. Lawrence River users, the construction of a temporary jetty will involve putting in place safety measures and a navigation corridor.

Noise and air quality management will be done in accordance with federal government environmental standards and specifications. Evening and night shift teams will take all necessary measures to minimize inconveniences. Mitigation measures are planned and will be communicated at the public information meeting.

We will provide regular information to residents on progress of the construction work through our website, among other means, at [www.newchamplain.ca](http://www.newchamplain.ca)

## REGARDING THE NEW CHAMPLAIN BRIDGE

*The New Champlain Bridge Corridor Project is one of the largest infrastructure projects in North America. It also includes a new bridge leading to Nuns' Island, and upgrading of the federal sections of Highway 15 in Montreal and of Highway 10 in Brossard. The project is being carried out as a public-private partnership (P3) between the Government of Canada and Signature on the Saint Lawrence. Works are scheduled to take place over four and a half years.*

## PUBLIC INFORMATION MEETING

- WHAT** Public information meeting for the city of Brossard residents
- WHO** Signature on the Saint Lawrence and City of Brossard representatives
- WHEN** **WEDNESDAY, OCTOBER 14, AT 7:00 P.M.** Doors open at 6:30 p.m.
- LOCATION** Centre socioculturel de Brossard,  
7905 San Francisco Avenue, Brossard, Quebec
